TRY IT FOR FREE AT ZOOMSAFER.COM

MobileSafer is the first safe driving solution designed specifically for mobile professionals

Integrates seamlessly with in-vehicle Bluetooth® technology

- Pairs with manufacturer-installed and after-market accessories to automatically activate when you begin driving
- Eliminates the dangerous temptation to text, email, and browse while driving

Keeps you safely connected with important contacts

- Sends customizable auto-replies to unanswered calls, texts, and emails
- Incoming messages land silently on your device for you to pick up when your journey is complete

Ensures safe, legal hands-free productivity

- Enables you to make and receive phone calls hands-free
- Provides one touch access to voice dialer
- Optional VoiceMate™ service offers one-touch access to voice-powered text messaging and emailing system

Go beyond traditional hands-free calling. Enhance your safe driving experience with VoiceMate™

Offers one-touch access to voice-powered message system

- Audibly alerts you when messages are waiting
- Dials you into VoiceMate service with a single touch

Customizable service keeps you safely and legally connected to your contacts

- Uses voice commands to access important messages
- Reads aloud selected message – and offers opportunity to dictate a response

Add VoiceMate to your MobileSafer account at ZoomSafer.com
