

TeenSafer™
by ZoomSafer™

**FEWER DISTRACTIONS
= FEWER CRASHES**

**KEEP YOUR TEEN
FOCUSED BEHIND THE WHEEL**

TeenSafer reduces distractions, helping teen drivers keep their hands on the wheels and their eyes on the road.

- Automatically activates when driving
- Eliminates dangerous temptation to text, email, or browse while driving
- Sends personalized auto-replies to unanswered messages and calls
- Notifies parent each time teen starts and stops driving or if they dial 9-1-1

TRY IT FOR FREE AT ZOOMSAFER.COM

TeenSafer gives you one less thing to worry about.

With TeenSafer™ on his or her phone, you know that your teen is NOT texting or emailing from behind the wheel:

- Connects with any Bluetooth® technology to automatically launch or exit Safe Drive Mode when journey begins and ends
- Locks phone's keypad and screen and silences all alerts and rings from non-priority contacts
- Routes priority calls (such as parents) to hands-free device or speakerphone
- Always allows 9-1-1 emergency calls
- Alerts parent(s) when successfully installed and when teen begins and ends journey

Ensure your teen is a safe, focused driver with customizable preferences parents can control:

- Authorize up to 3 priority contacts to allow hands-free calls to and from while driving
- Manages real-time start/stop and 9-1-1 notifications for up to 3 priority/emergency contacts
